

## SERFF 6.7 Release Notes

SERFF 6.7 was released to production on Thursday, April 17, 2014. The 6.7 release contains enhancements related to the SERFF Plan Management functionality.

### Enhancements in SERFF 6.7

#### **Add and Remove Standard Component IDs**

The draft Binder functionality has been enhanced to allow issuers to add and/or remove a Standard Component ID.

#### **Binder Search**

Additional search fields have been added to the Binder Search for both states and issuers. Those fields include: Tracking Number, Reviewers (state only), Authors (industry only), and Correspondence Submission Date.

### Other Changes in SERFF 6.7

**Closed Binders:** 2014 closed Binders have been removed from the 'My Binders' view. Users may use the Search functionality to view these Binders.

**Binder Search:** Users will now have the ability to 'Return to Search' when viewing a Binder found via the Search functionality.

**Binder State Status:** State users will now have the ability to update the overall status of a Binder. Additionally, 'Binder State Status' has been added as a column in the 'My Binders' view.
