Changes in SERFF 7.13

Security Improvements

The security profile of a web application is enormously important when it comes to protecting sensitive customer data, financial records, and reputation. While SERFF excels at protecting data from breaches of privacy, additional security upgrades have been made throughout the application.

Please contact the SERFF Help Desk at serffhelp@naic.org or (816) 783-8990 if you have any questions about the release of SERFF 7.13.
