SERFF 7.39.1 Release Notes

SERFF 7.39.1 was released to production on Thursday, May 23, 2019. The release contains enhancements and bug fixes.

Enhancements in SERFF 7.39.1

Post Submission Updates – Industry users can now update state specific fields and the overall rate impact field (LAH only) on the General Information tab.
Attachment Size – Users can upload files of 5 MB for schedule items.
Billing Export – The link to the Billing Export is now available on all billing profile pages.
Turn Around Report – A date picker is added to the Turn Around report (state report).

Bug Fixes in SERFF 7.39.1

State Report Updates:
- TOI by Quarter– The calendar year selection is available through the current year.
- Filing Workflow – The columns for industry and state only days is updated to reflect accurate information based on the date the report is ran.
- Overall Reviewer Status Summary – A user friendly message is presented if the report is blank.
